Length (mm)	4,435
Width (mm)	1,560
Height (mm)	1,825
Wheelbase (mm)	2,515
Wheel Span Front (mm)	1,310
Wheel Span Rear (mm)	1,310

CARGO AREA

With a robust chassis and a wheelbase ranging from 2760mm to 2515mm, the K01S is engineered to handle even the most demanding workloads. Boasting a curb weight from 840kg and a carrying capacity of 880kg, this versatile workhorse can carry substantial payloads without breaking a sweat.

Length (mm)	2,700
Width (mm)	1,140
Height (mm)	370
Carrying Capacity (kg)	985

The DFSK K01S is no ordinary utility vehicle. With its robust rear-wheel-drive system and a maximum speed of 110 km/h, this versatile workhorse can confidently conquer both city streets and rugged terrain. Whether you're navigating tight urban alleys or tackling off-road adventures, the K01S delivers uncompromising performance and agility.

Transmission	5 MT
Suspension Front	MacPherson Independent Suspension
Suspension Rear	MacPherson 5 Leaf Springs Non-Independent
Drive Type	Middle Engine Rear Drive
Brake Type	Front Disc / Rear Drum
Power Steering	EPS
Tyre Profile	165/70 R14

Powering the K01S is the advanced DK12 engine, a marvel of engineering that combines efficiency and power. This four-cylinder, in-line, four-stroke, water-cooled, SOHC petrol engine with electronic fuel injection provides the perfect balance of torque and responsiveness, ensuring you have the muscle to tackle any challenge head-on.

Fuel Tank Capacity ^(L)	40
Fuel Type	Gasoline
Fuel Supply Type	Multipoint EFI
Engine	DK12-10
Displacement ^(mL)	1,240
Engine Type	Natural Aspiration
Max Power ^(kW)	65
Max Torque ^(N.m)	115
